

LOT 119: All Parts excluding Lots 102 thru 118

Inventory spot checks performed showed an accuracy > 98%, including overages. Bidders on inventory lots may inspect prior to the auction, as no adjustments will be made, unless material discrepancies are found on the aggregate lot value, and such discrepancies are identified to Auctioneer at the time of removal.

IMPORTANT AUCTION BIDDING NOTE:

Lots 102 - 119 will be offered at the same time as Lot 101 (all parts). When the bidding ends, the total bid price for Lots 102 - 119 must be 10% more than the bid price for Lot 101. Otherwise, the bidder for Lot 101 will be selected as the highest and best bidder and the bids for Lots 102 - 119 will be held for 24 hours pending payment for Lot 101. Once payment is received, the bids for Lot 102 - 119 will be considered void. If Lot 101 is not paid for, then the bidders for Lots 102 - 119 will be awarded.

LOT 119: All Parts excluding Lots 102 thru 118

Inventory spot checks performed showed an accuracy > 98%, including overages. Bidders on inventory lots may inspect prior to the auction, as no adjustments will be made, unless material discrepancies are found on the aggregate lot value, and such discrepancies are identified to Auctioneer at the time of removal.

IMPORTANT AUCTION BIDDING NOTE:

Lots 102 - 119 will be offered at the same time as Lot 101 (all parts). When the bidding ends, the total bid price for Lots 102 - 119 must be 10% more than the bid price for Lot 101. Otherwise, the bidder for Lot 101 will be selected as the highest and best bidder and the bids for Lots 102 - 119 will be held for 24 hours pending payment for Lot 101. Once payment is received, the bids for Lot 102 - 119 will be considered void. If Lot 101 is not paid for, then the bidders for Lots 102 - 119 will be awarded.

LOT 119: All Parts excluding Lots 102 thru 118

Inventory spot checks performed showed an accuracy > 98%, including overages. Bidders on inventory lots may inspect prior to the auction, as no adjustments will be made, unless material discrepancies are found on the aggregate lot value, and such discrepancies are identified to Auctioneer at the time of removal.

IMPORTANT AUCTION BIDDING NOTE:

Lots 102 - 119 will be offered at the same time as Lot 101 (all parts). When the bidding ends, the total bid price for Lots 102 - 119 must be 10% more than the bid price for Lot 101. Otherwise, the bidder for Lot 101 will be selected as the highest and best bidder and the bids for Lots 102 - 119 will be held for 24 hours pending payment for Lot 101. Once payment is received, the bids for Lot 102 - 119 will be considered void. If Lot 101 is not paid for, then the bidders for Lots 102 - 119 will be awarded.

LOT 119: All Parts excluding Lots 102 thru 118

Inventory spot checks performed showed an accuracy > 98%, including overages. Bidders on inventory lots may inspect prior to the auction, as no adjustments will be made, unless material discrepancies are found on the aggregate lot value, and such discrepancies are identified to Auctioneer at the time of removal.

IMPORTANT AUCTION BIDDING NOTE:

Lots 102 - 119 will be offered at the same time as Lot 101 (all parts). When the bidding ends, the total bid price for Lots 102 - 119 must be 10% more than the bid price for Lot 101. Otherwise, the bidder for Lot 101 will be selected as the highest and best bidder and the bids for Lots 102 - 119 will be held for 24 hours pending payment for Lot 101. Once payment is received, the bids for Lot 102 - 119 will be considered void. If Lot 101 is not paid for, then the bidders for Lots 102 - 119 will be awarded.

LOT 119: All Parts excluding Lots 102 thru 118

Inventory spot checks performed showed an accuracy > 98%, including overages. Bidders on inventory lots may inspect prior to the auction, as no adjustments will be made, unless material discrepancies are found on the aggregate lot value, and such discrepancies are identified to Auctioneer at the time of removal.

IMPORTANT AUCTION BIDDING NOTE:

Lots 102 - 119 will be offered at the same time as Lot 101 (all parts). When the bidding ends, the total bid price for Lots 102 - 119 must be 10% more than the bid price for Lot 101. Otherwise, the bidder for Lot 101 will be selected as the highest and best bidder and the bids for Lots 102 - 119 will be held for 24 hours pending payment for Lot 101. Once payment is received, the bids for Lot 102 - 119 will be considered void. If Lot 101 is not paid for, then the bidders for Lots 102 - 119 will be awarded.

LOT 119: All Parts excluding Lots 102 thru 118

Inventory spot checks performed showed an accuracy > 98%, including overages. Bidders on inventory lots may inspect prior to the auction, as no adjustments will be made, unless material discrepancies are found on the aggregate lot value, and such discrepancies are identified to Auctioneer at the time of removal.

IMPORTANT AUCTION BIDDING NOTE:

Lots 102 - 119 will be offered at the same time as Lot 101 (all parts). When the bidding ends, the total bid price for Lots 102 - 119 must be 10% more than the bid price for Lot 101. Otherwise, the bidder for Lot 101 will be selected as the highest and best bidder and the bids for Lots 102 - 119 will be held for 24 hours pending payment for Lot 101. Once payment is received, the bids for Lot 102 - 119 will be considered void. If Lot 101 is not paid for, then the bidders for Lots 102 - 119 will be awarded.

LOT 119: All Parts excluding Lots 102 thru 118

Inventory spot checks performed showed an accuracy > 98%, including overages. IMPORTANT AUCTION BIDDING NOTE:

Lots 102 - 119 will be offered at the same time as Lot 101 (all parts). When the bidding ends, the total bid price for Lots 102 - 119 must be 10% more than the bid price for Lot 101. Otherwise, the bidder for Lot 101 will be selected as the highest and best bidder and the bids for Lots 102 - 119 will be held for 24 hours pending payment for Lot 101. Once payment is received, the bids for Lot 102 - 119 will be considered void. If Lot 101 is not paid for, then the bidders for Lots 102 - 119 will be awarded.

LOT 119: All Parts excluding Lots 102 thru 118

Inventory spot checks performed showed an accuracy > 98%, including overages. Bidders on inventory lots may inspect prior to the auction, as no adjustments will be made, unless material discrepancies are found on the aggregate lot value, and such discrepancies are identified to Auctioneer at the time of removal.

IMPORTANT AUCTION BIDDING NOTE:

Lots 102 - 119 will be offered at the same time as Lot 101 (all parts). When the bidding ends, the total bid price for Lots 102 - 119 must be 10% more than the bid price for Lot 101. Otherwise, the bidder for Lot 101 will be selected as the highest and best bidder and the bids for Lots 102 - 119 will be held for 24 hours pending payment for Lot 101. Once payment is received, the bids for Lot 102 - 119 will be considered void. If Lot 101 is not paid for, then the bidders for Lots 102 - 119 will be awarded.

LOT 119: All Parts excluding Lots 102 thru 118

Inventory spot checks performed showed an accuracy > 98%, including overages. Bidders on inventory lots may inspect prior to the auction, as no adjustments will be made, unless material discrepancies are found on the aggregate lot value, and such discrepancies are identified to Auctioneer at the time of removal.

IMPORTANT AUCTION BIDDING NOTE:

Lots 102 - 119 will be offered at the same time as Lot 101 (all parts). When the bidding ends, the total bid price for Lots 102 - 119 must be 10% more than the bid price for Lot 101. Otherwise, the bidder for Lot 101 will be selected as the highest and best bidder and the bids for Lots 102 - 119 will be held for 24 hours pending payment for Lot 101. Once payment is received, the bids for Lot 102 - 119 will be considered void. If Lot 101 is not paid for, then the bidders for Lots 102 - 119 will be awarded.

LOT 119: All Parts excluding Lots 102 thru 118

Inventory spot checks performed showed an accuracy > 98%, including overages. Bidders on inventory lots may inspect prior to the auction, as no adjustments will be made, unless material discrepancies are found on the aggregate lot value, and such discrepancies are identified to Auctioneer at the time of removal.

IMPORTANT AUCTION BIDDING NOTE:

Lots 102 - 119 will be offered at the same time as Lot 101 (all parts). When the bidding ends, the total bid price for Lots 102 - 119 must be 10% more than the bid price for Lot 101. Otherwise, the bidder for Lot 101 will be selected as the highest and best bidder and the bids for Lots 102 - 119 will be held for 24 hours pending payment for Lot 101. Once payment is received, the bids for Lot 102 - 119 will be considered void. If Lot 101 is not paid for, then the bidders for Lots 102 - 119 will be awarded.

LOT 119: All Parts excluding Lots 102 thru 118

Inventory spot checks performed showed an accuracy > 98%, including overages. Bidders on inventory lots may inspect prior to the auction, as no adjustments will be made, unless material discrepancies are found on the aggregate lot value, and such discrepancies are identified to Auctioneer at the time of removal.

IMPORTANT AUCTION BIDDING NOTE:

Lots 102 - 119 will be offered at the same time as Lot 101 (all parts). When the bidding ends, the total bid price for Lots 102 - 119 must be 10% more than the bid price for Lot 101. Otherwise, the bidder for Lot 101 will be selected as the highest and best bidder and the bids for Lots 102 - 119 will be held for 24 hours pending payment for Lot 101. Once payment is received, the bids for Lot 102 - 119 will be considered void. If Lot 101 is not paid for, then the bidders for Lots 102 - 119 will be awarded.
